Venue instructions : You are further advised not to use cell phones in the Conference venue because they interfere with any microphone hired in.

We are proud to announce that we have been doing some improvements on our website to introduce new features. By the end of business today it will be up and running with new features which will include the following:

- Careers Section:
 - This will assist members that are on the look for career opportunities without necessarily exposing our membership database to the job market,
 - It will further assist our student members for possible in-service training linkages and training opportunities,
 - At the AGM we will unveil prospects of entering into a possible partnership that will address various requirements and activities, i.e. learnerships, internships, and general training and development initiatives.
- Life style benefits:
 - NSBE (SA) has entered into a partnership with Alexander Forbes Insurance (AFI), to deliver short term insurance, i.e. car and household contents.

- Through our relationship with AFI our members will have access to preferential Car rental rates with Avis, and many more.
- We will also on an ongoing basis be issuing newsletters sponsored by AFI.
- These will have beneficial investment information and financial advice which most of our members may have not heard access to.
- We will consistently look into improving this aspect of our membership benefits to introduce more Life style benefits.

We hope to see you at the 2010 Annual General Meeting, **“TOGETHER WE SHALL SUSTAIN NSBE (SA)”**
